

After the frenzy that accompanied the burning of the effigy, they were all acutely aware of a feeling of **lassitude**.

He accused the leader of the opposition of political **heresy**, and the mob was exhorted to burn his effigy.

Her **strident** voice added to the bedlam.

His **fervent** appeal for action threw his adherents into a frenzy.

I must inveigh against your attempt to **propagate** the belief that your political system will result in a panacea for all problems.

In the bedlam that followed it was not **prudent** to appear too apathetic.

In the conflagration that followed, no one questioned whether the original charge had been **spurious**.

It is **incumbent** on us to be zealous in combating the deleterious effects of drugs.

It is incongruous to find an abstemious person in a **milieu** of avarice and affluence.

Siamese twins are considered a birth **anomaly**.

The **efficacy** of new drugs cannot be determined without a plethora of evidence.

The Supreme Court is our ultimate **arbiter** of legality.

The gist of his ominous suggestion was that we **dissent** from the majority opinion.

The gist of the report was that smoking will have a **deleterious** effect on health.

The strength of her appeal was **attenuated** by the flamboyant embellishments for which many had a strong aversion.

There appears to be no such thing as an **innocuous** heresy.

There are many **concomitant** dangers to obesity.

When can we expect a respite from the **surfeit** of TV commercials.

While the **ostensible** enemy was the opposition leader, the main purpose of this rash behavior was the eradication of all opponents.

With each generation it becomes the vogue for the youth to be in a state of **ferment**.
